WELCOME TO MOMENTUM

Momentum a Phenomenon ...

“Turning Challenges into Opportunities”

Competition is everywhere and it is becoming tougher with each passing day. Many a time, the dreams of students who wish to become a doctor or an engineer remain a dream because of the lack of proper guidance. If they are mentored in the right way for the competitive exams, success could be theirs.

With the view of helping realise the dreams of thousands of students, Momentum was founded in 2004. Started as a humble coaching institute with barely 100 students, a simple vision and support from a few well-wishers, Momentum Institute has today become a true phenomenon. A phenomenon that is one of its kind and has become mightier with each passing year.

Momentum is a leader when it comes to coaching students for medical and engineering entrance exams. In the business of making others believe they can and we help them overcome all the hurdles to prove the fact that when they believe they can, they actually can. We at Momentum have motivated and guided thousands of aspirants, who are serving the nation as eminent Doctors & Engineers.

Momentum has three distinct divisions viz. Momentum Institute for Pre-foundation (for classes VII, VIII, IX & X). Momentum IIT-JEE for Engineering & Medical and Momentum Boards for Sr. Secondary Classes (XI, XII) that build foundation for various entrance exams such as National Talent Search Examination (NTSE) and Olympiads etc. and cater to the needs of various sets of students and their aspirations.

Director's Message

Momentum created in 2004 by the vision and toll of Er. Arvind Tripathi, a Chemical Engineering Graduate from IIT-Varanasi (BHU) and Er. Vikas Agrawal, an Engineering Graduate from IIT-Varanasi (BHU). We had a very humble beginning as a Premier Institute for IIT-JEE with a vision to provide an ideal launch pad for serious JEE aspirants. Along the way to the realisation of the vision, we went beyond merely coaching for IIT-JEE. We actually started to make a difference in the way Students think and approach problems. We started to develop way to enhance Students IQ. We started to leave an indelible mark on the Students who have undergone Momentum training. We started changing lives. And all of this was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer benchmarks of excellence which enabled us and our Students to achieve what we have achieved. Today, aiming for the unachievable and continuously raising the bar has become a part of the MOMENTUM. The success of our Students was inspiring and so was their faith in Momentum. Now we have come-up with our Medical (NEET-UG) division for students aspiring to become doctors and we promise to deliver same quality education and results years to come.

“ This Journey from just an IIT-JEE Coaching Institute to the most powerful brand in Eastern U.P. for serious education has been exhilarating. However, the Journey is not over yet. We are here with our Medical division (NEET-UG).

For us, at Momentum. The Journey will never be over.

For us, this Journey itself is the destination. ”

Er. Arvind Tripathi and Er. Vikas Agrawal
(Founder Director) (Founder Director)

Vision

To be the most admired brand in education sector, helping the young aspirants to make their dreams come true through high quality teaching, technology enabled systems and commitment.

To create an environment of excellence by imparting quality education and producing proficient professionals.

Mission

WHY

We need another Pre-medical Coaching?

Now as we are starting our pre-medical (NEET-UG) division so the obvious question is why another institute for pre-medical in Gorakhpur. The answer lies in the mere fact that we have observed in these many years that students are lacking in top ranks in NEET-UG and to some up we can clearly say that mentioned below are the few factors that compelled us to start our pre-medical division.

- No top ranks in NEET-UG.
- Common results of institute are being highlighted everywhere and number of results is low.
- System can't be changed by the student and we have need to work in this direction.

Why MOMENTUM?

Momentum, since its inception in 2004, has been serving the students of Eastern U.P. with utmost sincerity, just like a True Guru, We have been abiding by a Value System which revolves around Truth, Transparency & Commitment. Our Unique Innovations in the field of preparing Students for IIT-JEE & Other Competitive / Scholastic Exams have always proved to be very helpful in empowering Students to reach the pinnacle of Success. And all these traits have led Momentum.

The Quality

We Never compromise
on Quality.

Our penchant and the
pursuit of quality is
evident in our activities,
in all our actions, at all
times, everywhere.

BEST FACULTY

We are the only institute that Follows such straights, strong systematic and objective selection and training process before a teacher becomes a MOMENTUM faculty. MOMENTUM has a pool of more than 15 very competent, full time faculty members ensuring you yet highly competent teachers for all your subjects throughout your academic studies. All the faculty members are working under the guidance of Er. Vikas Agrawal (Director & HOD, Physics) & Er. Arvind Tripathi (Director & HOD, Chemistry). Our faculties have vast experience of working with top Medical Coachings of India & they are well trained as per current pattern of NEET (UG) & AIIMS.

PATTERN-PROOF TEACHING METHODOLOGY

MOMENTUM has always been preparing students in a fundamental way Momentum has been teaching in a comprehensive manner so that Students do well in NEET-UG (a respective of the pattern), Boards, NTSE, KVPY, Olympiads and other Medical Entrance Exams.

The Testing pattern of NEET-UG wash changed in 2013 but we are well prepared in advance to guide our students to do well even if there is further change in pattern in future.

COMPREHENSIVE STUDY MATERIAL

Students need not to run for a number of books, one has to just draw boundaries and concentrate on quality. Momentum has developed its study material taking into account the type of questions asked in different competitive exams. We challenge that most of the questions asked in IIT-JEE/NEET (UG) are similar as that in our research based study material and class notes of Physics, Chemistry & Biology. So, restrict yourself to our study material, class notes and do them thoroughly and totally on your own. If you need then discuss with your teachers.

ENABLING INFRASTRUCTURE

We strongly believe in the fact that the environment in which a Student studies is equally important for effective learning. We ensure our Students study in an enabling environment equipped with proper Classrooms to keep them stress-free."

PERSONALIZED COACHING

Individual attention is given to every Student irrespective of one's standing in the merit at any point of time. We never increase our batch size beyond a limit. This facilitates proper Student Faculty interaction. Our faculty is always willing to clear doubts of Students even individually, if required. Our focus is better results through conceptual clarity and constant support instead of increasing the batch size.

THE WINNING METHODOLOGY

Our winning Methodology equips the Students to creatively resolve complex tricky problems by improving and sharpening their analytical skills parallel thinking processes.

ADMISSION PROCESS

Admission processes at Momentum may vary from one course to another course. Momentum offers "Direct Admission" (DA) option in all of its courses. The students can take admission either directly on the basis of Percentage of Marks secured by them in their last school/board exams or through "Admission-cum-scholarship Test" (ACST) and MTSE If they wish to avail a scholarship.

Direct Admission (DA)

1. Each course has a predefined specific percentage admission criterion. Broadly, for admission in an course a student should fulfill the required Grades or Percentage (aggregate marks) in either Science & Maths in Class VIII / IX / Class X Board / All India Secondary School Examination (AISSE) or Physics, Chemistry, Biology (PCB) / Physics, Chemistry Maths (PCM) in Class XII Board / Higher Secondary Certificate (HSC).
2. Those students who have secured minimum 60% aggregate marks in PCB/PCM in Class XII or X are eligible for admission.

Admission cum Scholarship Test (ACST)

1. Who could not perform well in their board exams, for such students, we are providing an opportunity to appear for our 'Admission cum Scholarship Test (ACST)' to showcase their potential for Medicine or Engineering as career. Those students who qualify this test are then given admission in the applied courses.
2. The admission test also gives an opportunity to a student to outperform and get scholarship in turn. A student, who has qualified our direct admission criteria, can also appear for ACST in order to avail scholarship.
3. If a student has taken direct admission and paid registration fee, admission fee & first installment of the tuition fee, then he/she cannot appear in ACST to avail any scholarship benefit.
4. A student can appear in the ACST for a maximum of two chances for seeking admission in a particular course.
5. The detailed syllabus of the admission test is different for different courses and can be obtained from the information desk at the applying centre.
6. For more details, please contact with the Centre Counsellors.

About MTSE (Momentum Talent Search Exam)
